

Round Pig Drinking Bowl

Deba Brothers® is a leading China Round Pig Drinking Bowl manufacturers, suppliers and exporter. The Deba brothers® offers two different shapes of drinking bowls for sows, with different sizes. One is round, round pig drinking bowls are accepted very well by the pigs. When they are drinking, the head disappears in the bowl due to the lateral collar. This also significantly reduces water losses.

Product Description

Deba Brothers® is Round Pig Drinking Bowl manufacturers and suppliers in China who can wholesale Round Pig Drinking Bowl. We can provide professional service and better price for you. The drinking basin is made of 304 stainless steel, the basin is made of mould and has a thickness of 1.35mm, it guarantees quality and durability.
